

NASA eClips™ Teacher Advisory Board

Our team is SEEKING diverse and highly motivated formal, homeschool, and non-formal educators with a passion for integrative STEM education to join the 2020-2021 NASA eClips™ Teacher Advisory Board.

APPLICATIONS ARE NOW OPEN!

Teacher Advisory Board Members will:

- identify topics to be addressed in the development of new resources
- review and provide feedback on NASA eClips™ resources (professional and student-produced videos, supporting resources, and website)
- ensure that NASA eClips™ products meet the needs of all learners

The total time commitment for each member is estimated to be 25-30 hours spread over an 8-month period.

Incentives include:

- the opportunity to develop teacher leadership skills as a part of a forward-thinking STEM education advisory board
- exposure to rigorously reviewed resources for virtual, hybrid, and face-to-face instruction
- letter of congratulations to supervisor
- letter of support for personnel file
- gift card

If you have any questions, please contact our team at nasaclips@nianet.org.

Applications are due by December 7, 2020.
