

NASA's Neurodiversity Network Summer Internship

NASA's Neurodiversity Network (N3) is looking for summer interns to work on projects with NASA scientists. The goal of the N3 program is to provide experiences for neurodiverse students, specifically those on the autism spectrum, that will spark their interest in careers in STEM (Science, Technology, Engineering and Mathematics).

160 hours of work between
June 15 to August 15, 2021

Please go to our website n3.sonoma.edu/internships for more information

Details:

All interns will be paired with a Subject Matter Expert (SME) from NASA's network. Individual SMEs will have expertise in at least one of the following areas: Astrobiology, Astrophysics, Earth and Environmental Science, Heliophysics and Planetary science and exploration. The work schedule will be mutually agreed upon by the intern and the SME.

Internships will be completed remotely during Summer 2021 and N3 interns will receive a \$1,000 stipend upon completion of their internship.

Eligibility:

Students must submit an online application and a teacher recommendation letter is required for full consideration.

Current high school students 16 years of age or older who identify as autistic and have completed algebra and at least one year of a physical science course are eligible to apply for this internship program.

Applications are due by April 15, 2021.

**Are you an
autistic high schooler
interested in working with
NASA scientists this summer?**
