

The graphic features the NASA logo at the top center. Below it, the text "NASA STEM" is written in large, bold, blue letters. Underneath, the word "STARS" is spelled out with decorative stars and a yellow arrow pointing upwards. The phrase "¡En español!" is written in a stylized, bubbly font. A photograph of Alejandro Mundo, a man in a dark suit and tie, is positioned on the right side. On the left, a grey banner contains the text "Alejandro Mundo" and "Goddard Institute for Space Studies" with a NASA logo. Below this, the date and time "8/10/20 - 1:30pm ET" are displayed. A circular logo for "Climate Change NASA CCRI SMD Research Initiative" is also present. At the bottom left, the "YouTube LIVESTREAM" logo is shown next to the text "NASA STEM".

NASA STARS en Español developed from a growing need to promote awareness of NASA's diverse career opportunities for minority populations and highlight Hispanic professionals as role models in STEM careers. It was only appropriate to do it Spanish 😊

We are excited that [CCRI](#) Educator, Alejandro Mundo, will be featured on NASA STARS en Español!

Please join us on **Monday 8/10 at 1:30 pm EDT** following this link:

[NASA STARS en Español featuring Alejandro Mundo](#)

The image is a promotional graphic for a NASA event. At the top left is the NASA logo. Below it, the text "NASA STEM" is written in large, bold, blue letters. Underneath "NASA STEM" is the word "STARS" in a stylized font where the letters are spaced out and decorated with stars and a yellow arrow pointing upwards. Below "STARS" is the phrase "¡En español!" in a playful, bubbly font. On the right side of the graphic is a photograph of Alejandro Mundo, a man in a dark suit and tie, smiling. To the left of the photo, there is a grey rounded rectangle containing the text "Alejandro Mundo" and "Goddard Institute for Space Studies" with a small NASA logo. Below this is the date and time "8/10/20 - 1:30pm ET" in red. To the right of the text is a circular logo for "NASA CCRI SMD Research Initiative". At the bottom left, there is a "YouTube LIVESTREAM" logo and the text "NASA STEM".

El programa de NASA STARS en Español se desarrolló a partir de una creciente necesidad de dar a conocer la gran variedad de oportunidades profesionales que existen en NASA para minorías y de destacar a profesionales hispanos como modelos a seguir en carreras de ciencia, tecnología, ingeniería y matemáticas (STEM por sus siglas en inglés). Lo más indicado es hacerlo en idioma español 😊

¡Estamos emocionados que nuestro educador de la Iniciativa de Investigación de Cambio Climático, ([CCRI](#), por sus siglas en inglés), Alejandro Mundo, se presentará en NASA STARS en Español!

Por favor acompáñanos este **lunes 10 de agosto a la 1:30 pm EDT** con el siguiente enlace:
